

## Police Investigate Suspected Forger

**W. H. Broach Held Here on  
the Charge of Passing  
Worthless Checks—Other  
Local Activities.**

The arrest of W. H. Broach, on a charge of peddling without a license, has brought to light several charges of check forging and other complaints. Broach is wanted in Figgess county, on charges of forging checks on various persons, from whom he is alleged to have purchased goods. He is said to have passed bogus checks amounting to \$120. In the meantime, it has developed that Broach is alleged to have forged several checks and passed them in this city, although no formal warrants had been issued to this effect this morning.

Broach was placed under arrest last night near the depot by Police Officers O. S. Mayberry and W. C. Talley, with the assistance of Talley's bulldog, which figured in the capture. Although the local police detectives and other officers are said to have been working on the case for about a week and have been seeking Broach, it was the above mentioned officers who caught the man only a short time after they had heard of the case last night. He was captured near the depot just as he was preparing to leave town in an automobile. He is said to have acknowledged to the officers that he realized he had "played hell," and that he had decided to leave town at the first opportunity and was preparing to do so when he was caught.

Officer Mayberry, who was unfamiliar with the case, was the recipient of information last night about 8 o'clock that the man was preparing to leave town, and was told of the alleged charges. In a few minutes Mayberry was on his way to the scene. On the way he met Talley, and the two soon had Broach under arrest. They found Broach near the depot. Talley carried his bulldog along just before the officers reached the man, he attempted to run, but Talley "set" the dog on him and he immediately stopped and surrendered.

From what can be learned, Broach has been in the custom of making trips to Henry county, buying up lots of produce and returning here to sell it. For this he is alleged to have been issuing checks which were found to be no good. He is said to have passed a worthless paper for \$30 on one person and \$23 on another in paying for produce which he had purchased. The Danville police learned of the transactions, and notified the local officers to arrest Broach. In the meantime a warrant charging him with peddling without a license was issued. The hearing on this charge was set for tomorrow, at Broach's request. Although as yet no formal charges

have been brought, Broach is understood to have passed several worthless checks here and to have raised a note \$400. The Haraway Meat Company is said to have been the victim of a bad check for a small amount. Broach is alleged to have purchased a Buick automobile some time ago and prevailed on W. C. Smith, who has since died, to endorse a note. This was done, and Broach is said to have raised the note \$400. The officers are now working on this phase of the case. Edgar Smith, a brother of the dead man, is said to have also taken a hand in the matter in behalf of his brother's widow and has secured an attorney with the intention of bringing charges.

The police say that Broach has admitted to them that he owed the Smith family some money in connection with the purchase of the automobile, but that he was preparing to settle up as soon as possible. He stated that he also owed several other debts, which he was also getting ready to settle, and would do so, were he not in jail. This statement seems somewhat conflicting, owing to the fact that he acknowledged to the police when arrested last night that he was preparing to make his getaway. It is understood that the police are working on several angles of the case which they want to clear before notifying the Martinsville authorities to come to Danville.

## Republicans Meet In Winston-Salem

(By The Associated Press.)  
WINSTON-SALEM, N. C., April 12.—The Republican state convention meets here today to elect a national committeeman, state chairman, state executive committee, to adopt a platform and revise suggestions regarding candidates for the State Corporation Commissioner, associate justice of the supreme court, superior court judges, 20 solicitors and 10 candidates for Congress.

**IN THE POLICE COURT**  
The docket in the police court was disposed of in short order this morning. There were only a few cases to come up.

Silas Frazier was fined \$10 and costs for violating the Mapp act. George Hairston, fined \$35 and costs on a charge of disorderly conduct.

There were several who failed to answer to their names when called.

**SALESMANSHIP CLASS MEETS.**  
The Young Men's Business Club's salesmanship class met in the club room last night for the purpose of outlining this course of work. David E. Graham, manager of D. E. Graham Co., has promised to act as instructor and sales manager for this class in the future. The class will meet on Wednesday evening at 8:30 o'clock instead of Tuesday.

—Mrs. W. L. Goad, of Main street, who has been quite ill, is improving.

## Probst Love Sick, Alienist Asserts

**Rolling Rock Romeo Butler  
Questioned About Affec-  
tion for Pittsburgh Heir-  
esses.**

NEW YORK, April 11.—"More love task than insane."

Such, in substance, was the opinion rendered yesterday by Dr. Menas Gregory, chief psychiatrist of Bellevue hospital, in the case of August "Archie" Probst, now affectionally known as the "Rolling Rock" Romeo Butler.

Dr. Gregory was allowed to appear at a third medical examination of Probst by the doctors of the United States Public Health Service at the request of the Swiss Consul General and Bernhardt, lawyers for Probst. The examination showed that Probst was being "railroaded out of the country" because of alleged love affairs with daughters of certain millionaire members of the club.

Dr. Gregory agreed with the Ellis Island doctors that Probst has suffered from delusions, that he has drawn conclusions from false premises, that he is mentally sick—love-sick.

It was necessary for Dr. Gregory to quiz Probst about his affection for quiza Probst members of the club. "I want you to tell me frankly what makes you believe these young ladies were ever in love with you?" was one of the questions.

Probst fumbled with the lapel of his pajamas and ran his fingers through his flowing locks. He replied the young women had been "nice" to him, that they had once patted him on the hand and told him to cheer up and was not disheartened over his disputes with the manager of the club. But, he would give no better reason for thinking they were in love with him than that they had cast furtive glances at him, even in the company of their own set.

"This would be drawing conclusions with no well person would draw," said Dr. Gregory in his report. "Probst is mentally sick. He was worse when first examined several weeks ago than he is today. If he is sent back to Switzerland he will get over all this. It is not paranoia, but it may be what doctors call pseudo-paranoia. Insanity is too harsh a word. He is mentally sick."

The case in its present status will be taken up again today by a board of special inquiry, whose decision was deferred to permit Dr. Gregory's examination.

## DORIS DAY

It was Doris Day, the pretty 20-year-old University of Oklahoma co-ed and daughter of Judge and Mrs. Jean Day of Oklahoma City, who was hurt deepest and stood up bravest beside her father in his fight for freedom following the shooting in the Day home of Lieut.-Col. Paul Beck. Beck, Fort Sill aviator, was shot by Day, according to the story Day told police, when the ex-judge returned home and found his wife fighting off Beck's advances. A coroner's jury acquitted him. "My father was right; he was never any other way," Miss Day says. The daughter was at Norman, university city, when the tragedy occurred.

## Illinois Primary Results Given

**Mrs. Winifred Huck Leads  
in Race to Succeed Her  
Father—Anti-Small Can-  
didate Wins.**

(By The Associated Press.)  
CHICAGO, April 12.—Congressmen Richard Yates and Henry Rathbone appear to have won nominations as congressmen-at-large on the Republican ticket for regular terms in yesterday's primary. Mrs. Winifred Mason Huck, daughter of the late William E. Mason, is leading in the race for the unfinished term of her father, John E. Lewisman, known as an anti-Small candidate in the governor's own district, is leading three opponents to succeed "Uncle" Joe Cannon.

**Baltimore Lawyer  
Disbarred One Year**

BALTIMORE, April 11.—Wilson J. Carroll, member of the First Branch City Council from the twelfth ward and a member of the Baltimore bar for 20 years, yesterday was suspended from the practice of his profession for a year for his conduct in connection with the Boulevard Theatre case. The Supreme Bench of Baltimore city, which heard the charges and pronounced sentence, severely reprimanded Carroll for unethical conduct.

This is the result of charges heard last week before the Supreme Bench. They were brought by the executive committee of the Bar Association.

The committee charged that Carroll as a City Councilman, had accepted a bribe from the American Theatre Company for pushing the ordinance for the Boulevard Theatre through the city council at the same time regarding the progress of the Palmers and Romand ordinance, which was for a rival concern.

**Wets Claim Day  
In New York Vote**

(By The Associated Press.)  
CORNING, N. Y., April 12.—Unofficial returns complete for the thirty-seventh congressional district race. Lewis Henry, Republican, a plurality of over 3,000 over Judge Frank Irvine, Democrat, in yesterday's special election. The result is acclaimed by the wets as a victory.

**Truce Declared  
Among Irish**

(By The Associated Press.)  
BELFAST, April 12.—A truce has been declared between the Ulster special constables and the Free State troops along the Fermanagh border between Ulster and South Ireland.

Life Insurance—"Buy from Bass."

## Division As To Renaming Street

Differences of opinion have developed among the residents of Broad street relative to the proposed plan of honoring Viscountess Astor by changing the name of the street to Langhorne street. The suggestion that the name of the street be changed, which was originally made by H. C. Fickler, finds an equal division of opinion among 60 residents of the street have signed a petition to be presented at Friday's meeting of the city council expressing the desire that the name be changed to "Langhorne Avenue" or "Langhorne Street." Since this petition was filed with the clerk of the council another resident of the street has come forward with the claim that he can and will present a counter petition with as many names as it opposes the change. The attitude of the council is said to be that of wishing to do what the citizens of the street wish done, and the question will be difficult if the division of opinion is so equally balanced.

The proposal to change the name is made in view of the prospective visit of Lady Astor to Danville, the niece of her birth. She was born, it is said, in the house which once stood on the corner of Broad and Main streets and which is now owned by Rice Gwynn, who had the two-story frame structure moved some distance down Broad street where it was converted into an apartment house.

The question of the council sending a formal invitation by cable to the distinguished neeess has been discussed informally by the council, but it is believed that Lady Astor has already called, in which event it is probable that she will find a telegraphic invitation to come to Danville awaiting her when her boat docks in New York.

## LATE NEWS BRIEFS

(By The Associated Press.)  
HELENA, Ark., April 12.—Scores of farm buildings have been destroyed by floods near here. Tenant houses at Ratio were demolished. Elaine with a population of 1,000 is surrounded by water, covering 150,000 acres of land.

(By The Associated Press.)  
BIRMINGHAM, Ala., April 12.—Suit for a quarter of a million dollars was filed today by E. D. De Bardeleben, a former drugist, against 22 persons for alleged personal injuries resulting from a flooding.

(By The Associated Press.)  
GENOA, April 12.—Premier Lloyd George is expected to propose at his earliest opportunity a pact that no nation shall attack another, thus abolishing the possibility of war for the duration of the pact according to a Reuters correspondent.

(By The Associated Press.)  
LONDON, April 12.—King George today conferred an earldom upon Sir Arthur Balfour.

(By The Associated Press.)  
CHICAGO, April 12.—Sailor Friedman, pugilist and four companions were jailed here today in connection with the slaying of Abe Reuben.

## Mayor Issues A Proclamation On Clean Up Week

**PROCLAMATION—CLEAN UP!**  
Make Danville More Attractive,  
More Beautiful, Healthier,  
More Pleasant in Garret  
and cellar of business house  
and dwelling will lessen fire risks.

A united city-wide effort to starve, trap and poison rats and to abolish their harboring places will save gardens, chickens and thousands of dollars worth of food and other valuable merchandise.

Haul away tin cans and old bottles from back yards, alleys and vacant lots, repair sagging gutters and drain stagnant pools in order to prevent mosquito breeding.

Keep stables and chicken houses clean to keep down fly breeding.

Filices, mosquitoes, rats, menace health, comfort and property. A cleaner city means a healthier city.

The dream of a city clean and beautiful may be made to come true by the hearty co-operation of all the people. Therefore, by virtue of the authority vested in me as mayor, and with the hearty approval of many citizens and of the Chamber of Commerce, the Y. M. C. A., the Retail Merchants association, the Metropolitan Life Insurance Co., the Wednesday club, the Shakespeare club, the Garden club, the Y. M. C. A., the Y. W. C. A., the Wesley House, the Good Will Center, the Schools and the Health Department, I proclaim the week of APRIL 24, to MAY 1ST as the opening week of a continuous cleaning up. Let each one do his part.

**"BE YE NOT HEARERS ONLY  
BUT DOERS OF THE WORD"**  
HARRY WOODING, Mayor.

Mayor Wooding issued the above proclamation today in connection with the forthcoming "clean up week" movement which has been started by the city health department in co-operation with numerous civic agencies. Plans are being made to impress upon necessities the importance of an effective cleaning up of premises, emphasis being laid upon the relation of this necessary work to diseases.

An educational campaign in the city schools is already under way and on Sunday the ministers of the city will touch upon the subject.

## Danville Churches Plan Additions

Danville's churches are not being neglected in the building boom which has developed in this city. Application was made today for a building permit this providing for an addition to Cabell Street Methodist church at the corner Berryman Ave. and Colquhoun St. This is to cost \$5,500. The building is to be completed within 90 days. Material for the addition was being moved to the scene of operations this afternoon. The addition will be built in the rear of the church and will amplify existing facilities in the Sunday school department. One of the most healthy in the town. It will provide accommodation for 400 additional Sunday scholars, the dimensions of the addition to be 30 by 18 feet.

Lee Street Baptist church on Jefferson street is known to be contemplating a material addition although the plans have not yet been unfolded. The church is to be at work on the plans with most of the money necessary for the improvement pledged.

Main Street Methodist church has for some months been working on major plans costing a cost of about \$10,000. In addition to a new Sunday school department the building of a parsonage on another site is being considered.

Plans for a material addition to Mount Vernon Methodist church Sunday school have already been drawn and are before the official board for approval. An additional story is to be added to the building. The principal witness was so hazy as to what was going on at the time that he could not say with certainty just what took place.

## Walker Damage Suits Nears Its End In Court

Final arguments were being heard in the case of the administratrix of Giles A. Walker against W. H. Blankenship today for dinner 14 of the evidence was heard yesterday evening at an extended session of the court. This morning arguments were argued and then given by the court to the jury. The final verdict was rendered at 1 o'clock with one hour and a half's time allotted to each side. Blankenship, who is being proceeded against in the civil court for damages, shot and killed Walker in a room over Blankenship's billiard hall some months ago. Blankenship's theory of the defense is that Blankenship shot the man in self-defense and seeks on this ground to defend himself of liability for any damages.

The case is somewhat unusual in that Blankenship is under indictment for murder in the corporation court and will be tried for the first time. A continuance is granted—at the forthcoming May term. Evidence surrounding the homicide is being heard in connection with the civil action for damages prior to the trial of Blankenship for his life.

## Lady Astor On Way To Baltimore

(By The Associated Press.)  
SOUTHAMPTON, April 12.—Lady Astor today sailed on the Olympic en route to Baltimore, to attend the League of Women Voters.

## Lorenz Sails For Home In Austria

(By The Associated Press.)

## Seek to Limit Land Armaments

## Anti-Tuberculosis Association Will Meet On Thursday

Furniture donated by various local organizations and societies is being placed in Hilltop Sanatorium now ready for occupancy and it is possible that the recently completed structure will be occupied before the end of the week.

Tomorrow night the Danville Anti-Tuberculosis league will hold its annual meeting at 8 o'clock in the Y. M. C. A. auditorium at which time a full report will be made by the returning president, James M. Seegar, who has been devoted to the interests of the organization for the past year. Officers for the year will be elected. It is especially desired that a full attendance of subscribers to the organization be on hand to hear what has been done and to hear the report on the building of the new and handsome home.

Nearly all of the radio equipment for the sanatorium has arrived and is being installed. This was given to the sanatorium by the Escaladers, an organization of young people associated with Mount Vernon church.

## Arrest Negro As Driver Of Auto Containing Booze

William Henry Curley, a negro alleged to have been the driver of the automobile in which 108 gallons of liquor was found near the city recently, is in the local jail, having been arrested at Martinsville and brought to this city. Police Sergeant J. H. Martin notified the Martinsville authorities that Curley was the man wanted in connection with the haul, and he was arrested a short while later and brought to this city. The charge against Curley is that of violating the Volstead act, and he will, therefore, be given a preliminary hearing before United States Commissioner Champe Barksdale.

## Louis Robinson Is Acquitted By Jury

Louis Robinson, who some months ago was convicted of violating the Mapp Act in the police court, being sentenced to serve a term of thirty days in jail and to pay a fine of \$50, was acquitted by a jury in the corporation court to which he appealed. Louis, who was prosecuted under the city liquor law, was alleged to have sold to a farmer a small quantity of liquor but the case was the most prominent of men and women of Norfolk and Portsmouth, will be among the passengers of the steamer Jefferson of the Old Dominion Transportation Line when she sails from Norfolk for New York Wednesday night to inaugurate a passenger service that was abandoned more than two years ago by the former Old Dominion Company but which had been maintained for nearly half a century.

## Political Exiles Plan Revolution

## Trinkles Sail For New York

NORFOLK, April 11.—Governor and Mrs. E. Lee Trinkle and E. Lee Trinkle, Jr., along with a large number of the most prominent men and women of Norfolk and Portsmouth, will be among the passengers of the steamer Jefferson of the Old Dominion Transportation Line when she sails from Norfolk for New York Wednesday night to inaugurate a passenger service that was abandoned more than two years ago by the former Old Dominion Company but which had been maintained for nearly half a century.

## Babe Ruth Has Another Offer

(By The Associated Press.)  
CHICAGO, April 12.—"Babe" Ruth, suspended for the first 35 days of the season, has been offered \$100,000 to join a local semi-professional team.

## Danville Policemen Won't Have a Team

The Danville police force will not have a baseball team this year. Police Detective J. C. Lewis, who last year managed the team, said today that it had been decided not to organize this year. Several players on last year's team are to be offered a job, and owing to the time necessary to practice, it has been decided to forego a baseball team this season. The Greensboro force some time ago challenged the Danville bluecoats to a game.

## South Boston Man Filed Bankruptcy

A petition of voluntary bankruptcy has been filed in the office of the clerk of the United States court, by E. J. Wayne, a prominent South Boston business man, who has been declared bankrupt. The petition shows that he has assets of \$2,044.63, while the liabilities are \$2,112.00.

## Princess Elizabeth's Condition Grave

(By The Associated Press.)  
LONDON, April 12.—The condition of Princess Elizabeth, wife of Crown Prince George, of Greece, who is ill of typhoid, is causing anxiety.

## Lloyd George Contemplates Such Suggestion Before Conference Adjourns.

(By The Associated Press.)  
GENOA, April 12.—Premier Lloyd George contemplates suggesting an agreement for limitation of land armaments in Europe for a definite period, according to unverified reports, before adjournment of the present international economic conference. An army holiday would be patterned after the naval holiday completed at Washington.

## Dix Must Serve Suspended Term

John Dix, who suffered the same fate as Napoleon Bonaparte, by being elected from his native heath and who was caught a few days ago with 38 gallons of liquor within two miles of the city, will have to serve a 12 months term which was suspended, provided he left the community. Should he be convicted of the present charge lodged against him, the year's term will automatically be added to his punishment. The cord records, it develops, shows that originally Dix's banishment was from the city of Danville but, on the occasion of an incident which occurred after the exile decree had been entered, he was told by the court that he would be sent to Pittsfield, where he would have to serve the term. Dix is said to have recently completed a term in West Virginia, and to have been enticed comparatively recently in Roanoke and Martinsville.

Disposition of the Dix case will be made at the May term of the court.

## T. F. DeJarnett Loses His Home

Word was received here this morning of the destruction by fire yesterday at about noon of the handsome summer home of T. F. DeJarnett, of South Boston, the home being situated on the road between Huxam and South Boston. The building as well as numerous outbuildings, is said to have been totally destroyed, with virtually all of their contents. The house was a large one, but the flames pushed by a high wind, soon enveloped the entire structure. The South Boston fire engine was sent to the scene but could do nothing. The home is said to be well insured.

## Political Exiles Plan Revolution

## Mexican Secret Service Men Have Information That Horses and Ammunition Are Being Bought.

(By The Associated Press.)  
EL PASO, Tex., April 12.—Mexican secret service men have laid information before Juarez authorities that political exiles in El Paso are purchasing horses and ammunition for another revolutionary expedition into the southern republic.

## May Build Fish Dealers New Market Stalls

A proposal to build a new fish stall close to the city market will be entertained by the council at its meeting on Friday night. When that section of the market formerly devoted to the sale of fish was converted into an armory the fish stalls were placed elsewhere. Now it is proposed to build a new stall close to the market, about \$1,000 close to the bank shelving from the rear of the Y. M. C. A., where the fish dealers can be housed.

## J. A. Craddock Elected a Life Member of Board

A rare honor was conferred on J. A. Craddock, for many years a tobacco buyer on the local market, at the recent annual meeting of the Board of Trade. He was elected an honorary life member of the Danville Tobacco Association as a reward for his honorable career in this city. The resolution was offered by E. G. Mosley and unanimously adopted. About two years ago a similar honor was conferred on Brooks Powell, who is also a life member of the Association.

## Y. M. B. C. Business Meeting Thursday

The Young Men's Business Club will hold its regular monthly business meeting, Tuesday evening, April 18, at 8:15 o'clock, in the assembly room of the Chamber of Commerce. There will be a short business session and reports from various committees will be made.

Public speaking class will give an interesting talk on a most interesting subject. Members of the club are urged to be present.

—Mrs. W. T. Farmer, who underwent a serious operation at Edmunds Hospital yesterday, is reported making good progress.

## MUSICAL HELD LAST EVENING

The musical at Shelton Memorial Presbyterian church last evening was enjoyed by a large and appreciative audience. The numbers rendered showed a grasp of technique and breadth of interpretation rarely surpassed. The program included many numbers of well known classical and semi-classical artists.

The church was charmingly decorated for the occasion with ferns and flowers and presented a most picturesque background for those who took part in the program. The air was filled with the perfume of flowers which enabled the audience the more to appreciate the splendid program.

## MRS. LOCKWOOD SPEAKS TODAY

Mrs. Henry D. Lockwood, president of the Virginia Federation of Women's Clubs, will speak to the Wednesday afternoon club this afternoon at 4 o'clock while in the city. Mrs. Lockwood will be the guest of Mrs. W. T. Paxton.

J. Osborn Taylor of Roanoke, Va., was in the city yesterday trying to arrange for local representation of the Durant Motor corporation.

## Rev. A. J. Parton Named Moderator Of Presbytery

The Spring meeting of Roanoke Presbytery convened last night at 8 o'clock in the First Church, this city. The opening sermon was preached by the Rev. T. S. Wilson, D. D., of News Ferry, retiring moderator.

The Rev. A. J. Parton, of Pamplin, was elected moderator and Lee Morton, of Keyville, was elected temporary clerk.

The initial session of Presbytery was brief, the evening being consumed for the most part by the sermon of the retiring moderator and the election of a new moderator and the report of the committee on devotional exercises.

The principal feature of the session this morning will be the appointment of the standing committees by the moderator. The session today will convene at 9 o'clock, when devotional exercises will be held. The minutes of the previous session will be read and all communications to Presbytery will be received.

At 10:30 o'clock this morning the Rev. J. E. Booker, D. D., of Hampden Sidney, superintendent of Home Missions for the Synod of Virginia, will present the cause of Home Missions in an address. At 11 o'clock Dr. R. G. McLees, the blind preacher of Chatham, will preach.

At the afternoon session which will be called to order at 2:30 o'clock Dr. Henry Wade Dubose will present the cause of Foreign Missions to the Presbytery. At 3:00 o'clock the report on Sabbath school work will be presented by the Rev. H. S. Morgan, of Keyville.

Tonight a popular meeting in the interest of Foreign Missions and Sabbath school work will be held. There will be two addresses, one by the Rev. Wesley Baker, superintendent of Sunday school work in the Synod of Virginia and the Rev. W. H. Hudson, D. D., missionary to China. The latter will talk on his work among the Chinese.

Among the entertainment features planned for the visiting ministers will be a luncheon today at the church. In the afternoon the members of the Presbytery will be driven about the city and shown the various points of interest. The trip will end at Sunday morning, the Presbyterian retreat for old ladies, where supper will be served.

About 24 ministers and as many elders are in attendance upon the meeting of Roanoke Presbytery.

## DIRECTORS QUIT BECAUSE THEY OPPOSED STAND

Owing to a disagreement with the majority of their associates in the directorate of the Producers' Warehouse Company, of this city, John Williams, N. C., vice-president and a director of the company, and H. C. Dodson, of Pittsylvania, another director, yesterday tendered their resignations, effective at once and retired. The disagreement was as to the policy of the warehouse company with respect to the co-operative marketing plan, both of the retiring directors favoring entrance of the concern into the marketing agreement.

John Williams is president of the Producers' Warehouse Company and Mr. Williams was, until yesterday, its vice-president. There are seven directors and the retirement of these two will, therefore, leave five.

**PLAY AT INGRAM.**

"Down in Dixie," a war drama in four acts will be presented by local talent of Ingram community at Ingram school Friday, April 14, at 8:30 p. m., the proceeds of which will go to the Near East Relief fund. The public is cordially invited.

## Burns Greets "Sherlock"

William J. Burns, the detective (right) greeted Conan Doyle, creator of Sherlock Holmes, when he arrived from England to deliver a series of lectures on spiritualism. Sir Arthur is accompanied by Lady Doyle, Denis, 13; Malcolm Conan, 11, and Miss Lina Conan, 9.

## Domestic Science, Manual Training In Grade Schools

At a well attended meeting of the Parent-Teachers' association in the Rison Park public school last night the initial step in the movement to inaugurate manual training for the boys and domestic science training for the girls in that school and in the other grade schools of the city was inaugurated. Stimulating and encouraging addresses all commending the movement to provide this practical instruction and the facilities for it were made by Mrs. Ora Hart Avery, State supervisor of Home Economics Education, Frank Talbot, superintendent of public utilities, Sidney B. Hall, principal of the High school, Mrs. Rucker Penn, president of the association, and others.

The Rev. Malcolm S. Taylor, of Epiphany church, offered prayer and later in a brief talk made some helpful suggestions looking to the inauguration of the manual training work and the most satisfactory equipment. The address of Mrs. Avery, naturally featured the evening's program, for she was the official representative of the State education department and has had large experience in stimulating the development of these practical phases of public education. The address of her address was her advice that when this work is undertaken it be started right and with sufficient equipment of the best type. She counseled against a premature start without the desired equipment and without some assurances of support.

Frank Talbot in his talk took the Sunday school lesson of last Sunday as his theme and after a somewhat detailed and elaborate review of the overthrow of Queen Jezebel and the enthronement of the child-king Joash, of the royal blood who had escaped the queen's decree of slaughter, the restoration of the temple and finally the method by which the funds were provided for the work, the point was the method of raising the requisite funds and he commended the plan of the high priest to the advocates of the installation of manual training and domestic science in the schools.

It was developed at the meeting that the ladies of the Parent-Teachers' association were earnest and enthusiastic of this movement and had already contributed with surprising liberality to the fund for the provision of the equipment. Mrs. Penn explained that it was not intended to limit the movement to one school but merely to make a beginning at Rison Park and have the other schools take up the work.

Superintendent F. H. Wheatley and Chairman of the School Board A. C. Conway were present, as were several prominent members of the Rotary and Kiwanis clubs, as well as a large representation of the Rison Park Parent-Teachers' association. Mrs. C. D. Gaver was another of the ladies who have been active and efficient in promoting the movement, and Mrs. Randolph Alende also testified her interest in the movement by moving to secure the funds with which to provide the equipment.

The sentiment of the meeting was practically unanimous in favor of the plan. Superintendent Wheatley is cordially in favor of it and is hopeful that the finances of the school board will enable it to co-operate with the ladies in inaugurating these courses at the beginning of the next session.

Some of the gentlemen present who are familiar with city finances in general were chary of prophecies, however, though conceding the desirability of the inauguration of these practical forms of education.

## HOTEL BURTON WITHDRAWS INVITATION TO T. F. A.

The fact has just developed that the proprietor and manager of the Hotel Burton of this city, recently sent a letter to the various posts of the Travelers' Protective association of Virginia, inviting the representatives of the various posts to be guests of the hotel during their present here at the State P. A. convention during the first week in May. However, at the request of the local committee arranging for the convention the hotel management decided to withdraw the offer and submit a reasonable rate to the travelers.

## EASTER SERVICES AT BROSVILLE SUNDAY

Easter services will be held in the auditorium of the Greenville High school on Sunday, April 16, at 11 o'clock. Rev. J. M. Shelburne, D. D., pastor of the First Baptist church, will deliver the Easter sermon. Special music will be given by the choir of the Greenville High school. All are cordially invited to this service.

## THIS TIME LAST YEAR

Cincinnati Club announced that Eddie Roush and Henne Groh, holdout stars, would play with the Reds or no one.

Burlingame Grimes, holdout pitcher of the Brooklyn Robins, signed a last minute contract. President Hickey, American Association instructed umpires to throw players out of the game who used profane language.

## TEN PITCHERS TO TRY OUT HERE

The Danville baseball team of the Piedmont League now has under contract for trial in the competition to select a pitching staff for the ensuing season Messrs. Alkinson, Harris and Rodgers of last season's Tobaccconist twirlers and Pitchers Easter, Hamilton Bowers, "Lefty" Magalis and Gibson two left-handers, and Condon and Dunning experienced right-handers. From this list of ten it is confidently expected to develop at least four high-class twirlers. For the outfield McIntosh, Kelley, Bashore and Parker are here with a possibility that either Regan or Trexler may be sent to the outfield and possibly both.

Trexler a valuable man of last year's team is expected to report here next Saturday while Pitcher Gibson is expected to arrive today. Infielder Duffey, who will probably be tried at third in competition with Regan, is expected today. Worth at first and Smith at second are regarded as probable fixtures for those positions. Markotte is being tried out at short, but will probably have to beat Trexler out for that important position. Catcher Beamaner will probably be the second-string receiver with Manager Tom Abbott regular catcher.

In all twenty-three men are here or are expected today or by the end of the week. This number will be rapidly reduced until thirteen men (twelve besides the manager), are left. Pitcher Gibson, who came yesterday, has been tried out in higher classed leagues and may prove to be a star twirler in this company. He is young yet, and may be valuable.

—Mr. George Dupre of this city, left yesterday for Charlottesville, Va., accompanied by her husband, and will enter a hospital there for surgical treatment.

—M. Thomas left yesterday afternoon for Roanoke, Va., on a hand luggage train.

—Rev. J. M. Shelburne, D. D., pastor of the First Baptist church, went to Lynchburg yesterday afternoon.

## ARE YOU THIN AND SCRAWNY?

The Bones of the Body Were Not Intended to Show. Cover The With Flesh

Nobody wants to be called "fat," but even fat people are better off than those unfortunate who are so painfully thin that they have the "scrawny" look. Especially is this true of women. The rounded figure is the figure of health and beauty. If you are too thin you can add solid, firm flesh by taking Gude's Pepto-Mangan with your meals for a few weeks. It will put you in better health and Nature will restore to your body the weight Pepto-Mangan itself does not add weight but it does build up health. You won't be thin and scrawny if you are well. Get it of your druggist. He sells it in both liquid and tablet form—adv.

## Get Your Free \$1.00 PACKAGE OF GENUINE YEAST VITAMINE TABLETS from your druggist today.

If you are thin and emaciated and wish something to help you put on flesh and increase your weight, Yeast Vitamine Tablets should be used in connection with regular diet. With out organic iron, both food and Vitamines are absolutely useless, as your body cannot change inert, lifeless food into living cells and tissue unless you have plenty of organic iron in your blood. Organic iron taken on oxygen from your lungs. This oxygenated compound goes with your directed food as it is absorbed into your blood just as the whites with coal and power and energy. Without organic iron in your blood your food merely smokes through your body without doing you any good. The arrangement has been made whereby the director of this city to give every reader of this paper a large \$1.00 package of Genuine Yeast Vitamine Tablets absolutely free with every purchase of a bottle of Nuxated Iron.

## WHIPPING POST WOULD HELP IN ENFORCING LAW

CHICAGO, April 11.—Revival of the whipping post, Judge W. M. Gremont today told the committee on law enforcement of the American Bar Association, would have a great effect on the reduction of crime. He cited examples where flogging tended to reduce crime, and presented figures showing the number of murders in the large cities. In 1921 his figures showed that St. Louis had 426 murders, Philadelphia 364, New York 261, Chicago 206, Boston 102 and Washington 68.

A speedy trial for criminals was advocated to reduce crime by Herbert Harley, of Detroit. "In the majority of cases the criminals are apprehended but it is months before they are given a trial and even longer in many cases before they start paying the penalty for crimes committed," he said. "The courts are responsible for this and were the criminals given a speedy trial, regardless of the politician with whom they are friendly, justice would be more efficiently served."

"Newspapers could cooperate with the courts, but that is the fault of judges who are afraid of the power of the press. If less crime and more constructive news was printed the effect on crime would be large. However, the newspapers are not responsible for this condition. They are institutions for the purpose of making money and they are giving the public what they demand—sensational news. The police judge should be eliminated and his power given to the judges who have unlimited power. The police judge is the foot stool of politicians. For instance, the criminal friend of the politician may, after an appeal be released to again menace society."

## MacNIDER COMES OUT FOR LARGER ARMY

MASON CITY, Iowa, April 11.—Declaring that the safety of the country depends first of all on the navy, Hanford MacNider, national commander of the American Legion in a statement today placed the approval of the veterans organization on President Harding's stand for a sufficient number of officers and men to man adequately the fleet remaining to America under the armament agreement.

"Never again" he asserted, "can America prepare for war behind the feet of another nation as it did in the world war."

A. D. Starling, chairman of the Chamber of Commerce Good Roads committee, and C. G. Holland, a director of the Virginia Good Road association left last night for Richmond to attend a meeting of the State Road commission which is expected to take up the allocation of funds for road construction and improvement.

Ninety per cent of the devastated area in France is now restored to cultivation.

## MOREHEAD WILL RESIGN POSITION

WINSTON-SALEM, N. C., April 11.—While Mr. Morehead, who has arrived in the city, could not be seen relative to reports of his resignation, it was stated late tonight from most authoritative sources, that he has determined to surrender the office of national committeeman. One of Mr. Morehead's friends remarked to him this evening, "John, are you going to resign? We cannot do without you." "Well, you'll have to," Mr. Morehead replied. "I've served my time."

## WOMEN ARE ADMITTED TO BAR IN GERMANY

BERLIN, April 11.—The Reichstag or Imperial council today adopted a bill admitting women to all branches of the legal profession, including judgeships and the bar generally, and also to the posts of public prosecutor, attorney and notary public.

Against objections, both psychological and medical, raised in committee against women, the view prevailed that during the war they had shown capability entitling them to equal professional competition with men.

## Four Leagues Begin Season

(By The Associated Press.)  
The 1922 baseball season of the major leagues and two important minors, the Southern and American Association, got under way today. President Harding is expected to throw out the first ball of the American League at Washington. Judge Landis held a seat at Comiskey Park, where the Chicago Americans and the St. Louis Browns play.

## Misfortune Clings to Carnival Outfit

Misfortune appears to be dogging the J. F. Morris' carnival which closed here for ten days under unfavorable weather conditions at Gold Park recently. The carnival has come to Lynchburg after doing a very poor business in Danville, there to find out in addition to paying the State tax of \$150 per day it would have to pay \$12 per day for the use of the city's streets.

In the Hill City the method of assessing carnivals is different to that in Danville. Some years ago the Danville council decided to assess carnivals in the aggregate, the local assessment being \$500 per week. In Lynchburg each show connected with the carnival company is assessed separately, this being a means of deriving higher revenue.

## Stillman Case Resumes Today

(By The Associated Press.)  
MONTREAL, April 12.—Severe cross-examination today awaited the full-blooded Indian, Louis Beaurvais, father of the guide, Fred Beaurvais, when the trial of the Stillman divorce case is resumed. Mrs. Stillman's counsel has called several French-Canadian witnesses to better down evidence alleged to show that she misconducted herself with the Indian.

## BIRTH RECORDED

## Spirit Weddings In Next World Says Conan Doyle

Creator of Sherlock Holmes Discusses Psychic Matters and Tells of His Conversations With the Dead.

NEW YORK, April 11.—There are marriages in the spirit world, but no births, Sir Arthur Conan Doyle declared today.

The celebrated English creator of "Sherlock Holmes," who has come to America to lecture on matters psychic, made this statement in giving reporters a more intimate view of the next world as he conceived it than his arrival yesterday on the steamer Baltic.

Marriages, he said, were on a higher level than in this world. They constituted the mating of "entities," he added, and always continue happily. Indeed, he said, there was a very complex form of society in the world hereafter.

Sir Arthur said that the great agreement among the spirits of various

nations was to life in the spirit world was one of the strongest proofs of the existence of such life. He added that the spirit world was all about us, but that it was expressed in colors and sounds which our senses were too gross to understand.

Sir Arthur said that some ministers taught that it is hard to get into heaven, but said a normal decent person could not keep from going there at his or her death.

Asked about a suicide, Sir Arthur said that one could not force the hand of Providence and that a suicide would have to bear in the spirit world the trouble that had caused him to end his life.

He said that the object of life was to spiritualize ourselves, and that those who succeeded here did not regret that.

Climatic conditions are one of the stumbling blocks in the path of mediums, according to Sir Arthur.

"The spirit has to obey material laws when it comes within their sphere," he explained.

He added that, despite the differences in climate between the United States and England, two female mediums from Detroit and Toledo had been very successful in communicating with spirits in London.

Sir Arthur, who claim to have communicated through mediums with more than a score of departed, said mediums had guardian angels, special spirits with whom they usually communicated, and that when they wished to get in touch with other spirits these guardian angels served as masters of ceremonies.

Expressing belief that all could become mediums if the talent were developed, Sir Arthur said that it was through "ectoplasm" that conversations with the spirit world was conducted.

"Ectoplasm," he explained, "is a substance emanating from the medium. At first it is a vapor or gas which becomes clamorous or putrid, and which in this state can be felt."

"I have felt it myself. It can be photographed. I have a number of plates."

It has been analyzed by Dr. Schrenk-Notzing, in Germany, and also by Canadian scientists. It has been found to contain phosphates, carbonates and sulphates and some other substance which has not been determined.

"It is only in ectoplasm that a spirit can materialize. A spirit passing through it becomes visible to the medium. I saw my mother's face in the ectoplasm of a medium following

## Winston-Salem Couple Are Married Here

Zion B. Cooper and Miss Elsie R. Cates were quietly married Monday afternoon at 4 o'clock. The ceremony was performed by Rev. Joseph T. Allen. The young couple came here from Winston-Salem, N. C., to be married. Immediately after the ceremony they left for that city where they will make their home.

## Bi-State Baseball League Will Start the Season May 2

REIDSVILLE, N. C., April 11.—The Bi-State Baseball league will start the season on May 2 with the following clubs: Leaksville-Spray-Draper, Schoolfield, Va., Burlington and Reidsville, J. Frank Wilson, of Fieldale, at a meeting of the league directors here Saturday night, stated that Martinsville was not co-operating as it should and he felt Fieldale alone could not carry the load. He requested the directors to organize without Fieldale-Martinsville. This will cut the mileage considerably and a much more convenient schedule of four games each week can be arranged.

## Calomel Robbed of Nauseating Qualities

Medical Virtues Retained and Improved—Unpleasant and Dangerous Qualities Removed—New Tablet Named "Calotabs."

A recent triumph of modern pharmacy is the "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines, thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the one successful remedy but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One tablet on the tongue at bedtime, with a swallow of water—that's all. No taste, no griping, no nausea, no danger. A good night's sleep and the next morning you are feeling fine, with a clean liver and a big appetite.

Beware of imitations! Genuine Calotabs are sold only in "checker-board" (black and white) packages bearing the copyrighted trade-mark "Calotabs." The large, family size sells for thirty-five cents, vest-pocket size, ten cents. All dealers are authorized to refund the price if you are not delighted with Calotabs.—adv.

## Orphanage Effects Bring a Good Sum

The sale by auction of effects in the old Danville orphanage on North Main street, was well attended yesterday and resulted in a neat sum being realized by the Board of Managers. The various effects which were auctioned by R. M. Foster brought a total of \$292, which is considered satisfactory.

### FROM DANVILLE

**CHATTANOOGA, Tenn., April 11.**—A heavy wind storm swept around the side of Lookout Mountain at four o'clock this morning, clipping down into Forest Hill cemetery and unroofed many great trees and scattered debris throughout the grounds and over the monuments. Directly east the suburb of Alton Park was side swept, many trees being leveled, one striking a residence forcing the family to flee. While the wind reached a velocity of forty miles an hour in the city proper, only minor damage was reported.

**WE** are making big preparations for our friends this Easter. We will have flowers in profusion—our usual high quality—but order early and get the pick of selections. Get our Price List.

**DANVILLE FLOWER CO.**

Phone 1791 Leeland Bldg.

# New Tariff Bill Presented In U. S. Senate

WASHINGTON, April 11.—(By the Associated Press.)—The long awaited administration tariff bill was presented today in the Senate. Senator McCumber, Republican, North Dakota, in charge of the measure, announced that he would not call it up before April 20. Some Republican leaders thought it would be passed after about 60 days of debate, but other estimates ranged as high as three months.

Experts who assisted the Senate finance committee majority to prepare the bill estimate that the average of its rates is slightly higher than the average of the Payne-Aldrich law, the last Republican tariff act. The Payne-Aldrich level was approximately 41 per cent on all dutiable imports and 21 per cent on all imports, free from duties. The average of the Democratic Underwood tariff, which the new bill would replace, was 37.60 and 14.88 per cent respectively in 1914, the first year of its operation and the only year when trade was seriously affected by the world war or after the war conditions.

Comparing this bill with the Fordney measure, which the House passed last July 21 and of which this is a rewrite, the experts estimated that the average of all rates is lower, though the specific rates, and more particularly those on foodstuffs, are somewhat higher. Exact comparisons of the ad valorem duties in the two bills are somewhat difficult, due to the fact that the Senate committee threw overboard the House American valuation plan, returning to the foreign valuation principle.

While they have not completed all calculations, treasury experts say that the Senate measure probably would raise between \$300,000,000 and \$350,000,000 in revenue, as compared with the estimate of \$300,000,000 of the Fordney bill and the \$205,000,000 of the revenue returned in the calendar year 1921 from the joint operation of the Underwood law and the emergency tariff act.

In returning to the foreign valuation principle the Senate committee and the majority report which accompanied the bill, would be authorized.

"To modify tariff rates either upward or downward, within prescribed limits 50 per cent and in accordance with definite rules laid down by Congress so that rates may at all time conform to existing conditions.

"To change the basis for the assessment of ad valorem duties on selected items from the foreign value to the value of the domestic articles in the American market when the foreign value is not a certain basis for the assessment of duties on such items.

"To impose penalty duties or prohibitions on the importation of particular goods for the purpose of preventing unfair methods of competition in the importation of goods.

"To impose additional duties on the whole or any part of the imports into the United States from any country which discriminates against our overseas commerce. These additional duties are limited to the amount of the discrimination, but if the discrimination is maintained, the importation of merchandise may be prohibited.

Herewith are given the more important rates in the tariff bill, reported today to the Senate by the finance committee, with comparisons with the Fordney bill and the Payne-Aldrich—the last Republican protective tariff act, and Underwood laws, wherever feasible. The ad valorem rates in the Fordney measure, based on American valuation, but they are used here in the comparisons. Experts attached to the committee say that 25 per cent American valuation is equal to 50 per cent foreign valuation.

Because entirely different classifications have been used in drafting the wool schedule in the new bill, no comparison of the rates in that schedule with those in the famous schedule K, of the Payne-Aldrich bill is undertaken. The raw wool rates in the Senate measure are about equal to those in the Payne-Aldrich law, however, and Senator Smoot, of Utah, who drafted the schedule, says some of the other rates are as high as corresponding provisions in schedule K, while others are lower.

**Cotton and manufactures:**  
Long staple cotton 7 cents per pound; Fordney same; Payne-Aldrich and Underwood free.

Short staple cotton free as in Fordney, Payne-Aldrich and Underwood.

Cotton yarns, including warps, not bleached, dyed, colored, or plied, of numbers not exceeding No. 100, not less than 5 per cent and, in addition, for each number, 1-4 of 1 per cent; or numbers exceeding No. 100, not less than 30 per cent; Fordney same; Payne-Aldrich 15 per cent; Underwood 10 per cent.

Cotton cloth, not bleached, printed or dyed, containing not less than 10 per cent of cotton, of each number 1-4 of 1 per cent, when exceeding No. 100, not less than 40 per cent; Fordney 15 to 40 per cent with a minimum of 15 per cent; Payne-Aldrich non-comparable, different classifications; Underwood 7 1/2 to 27 1/2 per cent.

Cotton cloth dyed made of similar yarns not less than 15 per cent ad valorem to 45 ad valorem and 3-10 of 1 per cent ad valorem per number below No. 100; Fordney from 13 to 33 per cent and 1-5 of 1 per cent per number; Payne-Aldrich non-comparable; Underwood 10 per cent to 30 per cent.

Tire fabric or fabric for use in pneumatic tires, including cord fabric 25 per cent; Fordney and Underwood same; Payne-Aldrich 45 per cent.

Pile fabrics, including plush or velvet ribbons, 55 per cent; Fordney 33 1-3 per cent; Payne-Aldrich minimum of 47 1/2 per cent; Underwood 40 per cent.

Table damask 40 per cent; Fordney 28; Payne-Aldrich 40; Underwood 25.

Sheets, pillow cases, blankets and towels 30 per cent; Fordney 20; Payne-Aldrich 45; Underwood 25.

Knit fabrics 35 to 60 per cent; Fordney 25 to 35; Payne-Aldrich 45; Underwood 30.

Gloves, if single fold and not over 11 inches long, 32 per dozen pairs, and for each additional 11 inches, 10 per dozen; or more fold \$3.50 per dozen and 10 cents per dozen; other fabric knit gloves 50 per cent; wove fabric 40 per cent; Fordney 23 to 40 per cent; Payne-Aldrich 40 to 50 per cent; Underwood 35 to 40 per cent.

Hose and half hose 70 cents per dozen pairs to 80 per cent; Fordney 35 cents to 35 per cent; Payne-Aldrich 70 cents to 55 per cent; Underwood 70 cents to 50 per cent.

Other wearing apparel, finished or unfinished, 40 cents per dozen and 12 1/2 per cent to 40 per cent; Fordney same; Payne-Aldrich 60 cents and 15 per cent to 50; Underwood 30.

**Agricultural products and provisions:**  
Wheat 30 cents bushel; Fordney and Payne-Aldrich 25 cents; Underwood free. Oatmeal flour 10 cents 100 pounds; Fordney 80 cents; Payne-Aldrich 25 per cent; Underwood 45 cents per 196-pound barrels.

Corn, including cracked, 15 cents bushel; Fordney and Payne-Aldrich same; Underwood free. Corn grits, meal and flour 30 cents 100 pounds; Fordney same; Payne-Aldrich 40 cents; Underwood free.

### POSTOFFICE ROBBED.

ASHESVILLE, N. C., April 11.—(By the Associated Press.)—Postmaster Harry Burleson failed to lock up the postoffice funds for the night, intending to come back later, two youths broke the front glass of the combined drug store and postoffice at Asheville and made away with \$100. They were later placed under arrest and are held charged with the crime.

## A Few Hours and a New Car—and How Easy!

A FEW hours' work—and you are ready to step into a brand new car. That is, it looks brand new if you give it a coat of Du Pont Auto Finish.

And it's so easy to do! Fairly flows off the brush like thick cream. Brush strokes disappear of themselves. Sets hard and dries quickly. And what a finish! (It will last too.) You will be astonished at the results. Six beautiful colors to choose from.

And then after your car is painted, use Du Pont Top Renewer and Seat Dressing. These two Du Pont products will make your top and seat upholstery look as they did on the day you bought your car.—Stop in the store today.

## Vass-Watson Corporation

There is a Du Pont paint over your car. It is made for every purpose! It is America's Great Chemical Industry.

### Let Us Make An Estimate ON AN ARCOLA HEATING SYSTEM FOR YOU NOW: WITHOUT OBLIGATION

## W. R. Edmunds & Co.

Plumbing & Heating Contractors  
321 Craghead St. Telephone 2137

### Your banker will tell you - install ARCOLA NOW

HE makes his money by fore sight—by buying his investments near the bottom price, not at the top.

ARCOLA is an investment that costs less this month, NOW, than ever before in its history. It can be installed more quickly and easily NOW; your Steamfitter or Plumber has more time.

Do this one little thing that costs nothing. Pick up the telephone;

Call your Steamfitter or Plumber

He can tell you (so can your banker) that the house warmed with radiators rents for more and sells for more than a house heated with a furnace or stoves.

He can tell you how ARCOLA distributes its warmth to an American Radiator in every room; (no more cold rooms; no spotty heat) and how it pays for itself in the fuel it saves.

**FREE**

A fine ARCOLA book will be mailed you: send your name and address to the address below. And telephone your Steamfitter or Plumber for that free estimate NOW.

**ARCOLA**  
Saves this Banker One-Third of his Cost

"We have had in service now for one year an Ideal ARCOLA and are very much pleased with it. . . . It requires very little care and does not burn more coal as ordinary stoves would to heat the same space."

**J. A. MCCARTHY**  
Cashier, First State Bank of Kingsley, Michigan.

One-third of your coal bill is worth saving; get estimate NOW.

## YOUNG GIRLS NEED CARE

**Mothers, watch your Daughters' Health**

### Health Is Happiness

From the time a girl reaches the age of twelve until womanhood is established, she needs all the care a thoughtful mother can give.

The condition that the girl is then passing through is critical, and may have such far-reaching effects upon her future happiness and health, that it is almost criminal for a mother or guardian to withhold counsel or advice.

Many a woman has suffered years of prolonged pain and misery through having been the victim of thoughtlessness or ignorance on the part of those who should have guided her through the dangers and difficulties that beset this period.

Mothers should teach their girls what danger comes from standing around with cold or wet feet, from lifting heavy articles, and from overworking. Do not let them over-study. If they complain of headache, pains in the back and lower limbs, they need a mother's thoughtful care and sympathy.

**A Household Word in Mother's House** writes Mrs. Lynd, about Lydia E. Pinkham's Vegetable Compound.

"My mother gave me Lydia E. Pinkham's Vegetable Compound when I was 14 years old for troubles girls often have and for loss of weight. Then after I married I took the Vegetable Compound before each child was born and always when I felt the least run-down. Both my

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

## "Chinatown Gertie" Dead

NEW YORK, April 11.—"Chinatown Gertie," 11 years ago the most notorious woman crook on the Bowery and since that time an active worker with the Salvation Army, died Sunday at her home on Cherry street. The cause of her death was heart disease.

"Chinatown Gertie" at the time of her conversion, had bought carbolic acid to commit suicide, when, in passing a Salvation Army meeting, she felt the inspiration of their teachings. She stopped to listen and the poison never was used.

Last winter "Chinatown Gertie," former pickpocket and concert hall woman, passed her time working with the Salvation Army at Bowery headquarters. She spoke at the Sunday afternoon men's service at the Salvation Army Men's Hotel, No. 227 Bowery. One hour later she was dead.

## Leviathan Ploughs Through Mud, Hits Pier, Docks Safely

**Liner Reaches Newport News Exactly on Time, But Has Narrow Escape at the End.**

NEWPORT NEWS, April 11.—The Leviathan arrived here yesterday morning exactly on schedule time. From a seagoing point of view, the trip down the coast from New York was uneventful, despite an enforced two-hour stop off Ambrose Light because of a heavy fog and the fact that a light fog enveloped her all the way down.

The last stage of the journey, from the Virginia capes to the shipyard, about 26 miles, alone held any terror for the navigating officers on board. For the greater portion of that distance, the keel of the Leviathan was scraping the mud, first off Hampton Roads and next off the James river. By taking advantage of a full flood tide and free use of the turbines in hand brought her safely to a point off the yard exactly on time to a dot—8 o'clock.

It was at this point that they almost lost control of the big ship, and she was saved from damage only by a narrow margin. As the Leviathan was turned into the pier, with a tide that had not quite attained full flood, six powerful tugs began showing her nose around. She had just begun to respond to the shove of the tugs, when the wind veered and the stern, which

towered up over the flat surrounding country, swung sharply.

A 28-foot channel had been dredged, fan-shaped, in front of the pier, but the ship turned about 90 degrees. The engines could not be used, for the bow was almost against the pier, and the stern was reaching into the mud flats out beyond the docks. Before the tugs could get to her stern, it had brought up against an outlying adjoining pier. One tug had got into place, and was driving against the stern at full speed. This, coupled with the use of fenders, saved the ship from damage when she struck the pier. The pier saved the Leviathan from going aground.

Leaving New York without incident, or, as Capt. Bernard said today, "with the least of trouble we have ever experienced in getting her headed down the bay," the Leviathan ran into heavy fog banks off Ambrose Light vessel. Capt. Bernard stopped and held her there until the fog lifted, two hours later.

The trip from Ambrose Light to Cape Henry was without incident, insofar as navigation was concerned, but her engineers did grasp the opportunity thoroughly to test her engines and she responded to every call. Mr. Gibbs had arranged for a steady 15 knots down the coast. Two hours after clearing the fog bank her engineers began giving her more steam, and though her log shows only 18 knots, the engineer in charge of the mid-watch said for more than an hour the big ship drove along at from 20 to 21 knots with a steady and smoothness that clearly indicated that the engines have not deteriorated in the nearly three years they have remained idle.

## Day's Exoneration Disappoints Army Intimates of Beck

A combined lock and time clock has been perfected for store and office doors. Its time is registered by insertion of a key by the employee when arriving or departing.

**Belief Prevails, However, That Killing Case Will Now Be Dropped, and Public Approves.**

OKLAHOMA CITY, Okla., April 10.—Although army intimates of Lieut. Col. Paul W. Beck refuse to accept the reflection upon him that the verdict implies, the belief prevails here that the conviction of a coroner's jury that Judge Jean E. Day was justified in killing Beck means that the case is closed.

County Attorney Forrest Hughes has admitted that it would be impossible to convict Day on a charge of murder, and public opinion apparently supports his evident intention to drop the case.

Mrs. Day, in whose defense the jurist contends he killed Beck, today expressed satisfaction with the outcome of the coroner's inquest yesterday. "We of course are gratified by the jury's verdict," she said. "We anticipated nothing else from fair-minded men. The verdict upholds our honor and in a measure obliterates the stain that perhaps thoughtless worldly-minded persons would have laid upon us. The numerous messages we have received from all over the State and the Nation of sympathy and offers of assistance, it seems to me, are assurances that there is a great heart in the world which recognizes there need not be a sacrifice of virtue or honor in the depths of tragedy."

## Rays Of Sun Are Making Va. Roads Passable Again

RICHMOND, April 12.—Rural sections of Virginia, which have been mud-bound for the past month or six weeks gradually are returning to normal conditions, through the sun's rays, according to reports reaching Richmond today. State Commissioner H. B. Smith, who returned to the city today from Culpeper county, declared that the roads in that section practically have dried up in the past few days, after a siege of mud which lasted several weeks.

"About the middle of March the people were so handicapped by the mud," he said, "that they couldn't move their products; the children couldn't go to school and doctors couldn't attend the sick except by horseback."

"Traffic conditions are considerably improved, then?" a representative of a newspaper observed.

"Yes," replied Mr. Smith, "they certainly have improved; and it will mean more work for us."

## Prohibition Only Fraud She Found, Says Margot

SOUTHAMPTON, England, Apr. 11.—"A wonderful, wonderful people," was Mrs. Margot Asquith's description of America to newspaper men as she disembarked from the steamship Mauretania today, returning from a lecture tour of the United States.

Mrs. Asquith declared she enjoyed every minute she spent in America, although she did not contemplate returning. Prohibition, she asserted, was the only fraud she found. She declared the prohibition law worked most unfairly between the rich and poor.

When informed that many people expected her to lecture on her experiences in America, she replied emphatically:

"Well, they will be jolly well disappointed."

Asked if she was going into politics, she retorted:

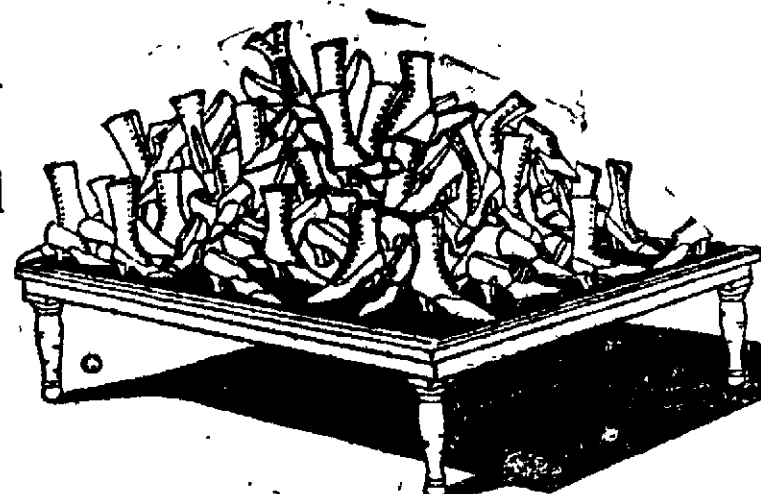

"What is my husband but a politician? He isn't a jackass. I've been in politics all my life. You don't suppose I'm going on the stage, do you?"

**PREDICTS PROSPEROUS SEASON**  
MEMPHIS, Tenn., April 11.—"With competition keen, interest in the game at its peak and harmony within the league, I look for one of the most successful and prosperous seasons in the history of the Southern Association," John D. Mart's, league executive, said tonight.

# SHOES

Our Shoe Buyer has just returned from the Eastern markets. His buys for special Easter selling has just arrived. This is the time of year when most everyone is thinking of Spring Footwear and he has secured some of the Newer styles through the courtesy of some of the leading manufacturers, really gave him in advance of their regular showing. They are correct in every detail. Serviceable for Easter and Spring wear, and very moderately priced.

This simple announcement should be sufficient to the people of Danville and surrounding territory, as the quality of this stock is well known, to all.

Sale starts Thursday morning at 9 o'clock and must be closed out regardless of cost or profit.

**The Brown Salvage Co.**

# Danville Defeats Richmond 11 to 8

RICHMOND, Va., April 11.—A handful of Richmond's most ardent baseball fans sat in the stands at Mayo Island park yesterday afternoon and saw Tommy Abbott lead his Danville baseball club to a 11 to 8 victory over the Richmond Colts.

In the mines of the average spectator to be beaten by a club from an organization lower than the one you represent is unpardonable, but there was not a single rooter in the park but who was pulling for Abbott's club. The slim little catcher still remains the idol of the local fans. This they demonstrated at every opportunity yesterday. Each time Abbott came to the bat, he was given a rousing reception and the crowd was with him throughout the entire game.

It was the first game for Abbott since he took over the managerial reins of the Danville club, and he demonstrated beyond a doubt that he has a team of fighting youngsters, and an outfit that does not know when it is beaten. This was shown in yesterday's contest in the fact that the visiting lugs won in the ninth inning by scoring four runs.

To do Ray Ryan's pitchers justice, it must be said that they did not receive the support that they should have for with air-tight fielding in the ninth inning, Williams would have come through in excellent shape. Ramos, right fielder, and "Bing" Arragon, third base man, both made costly boobies that aided in the scoring. The contest was played in a day that would have been ideal for flying kites, a virtual gale blowing across the park during the entire game. Fielders of both teams found it difficult to pick up the ball. On several occasions the men were set to make a catch only to have the wind take the ball about a foot behind or in front of them.

The most outstanding feature of Abbott's team was the work of his two pitchers, Atkinson and Rodgers. The hurlers worked three innings each and allowed three runs each. Atkinson started and for two innings managed to retire the Colts without a run. In the third chapter the locals became busy and registered three tallies, principally because of wildness of the hurler.

The box score:

Stolen bases, Strain 2. Left on bases, Richmond 9; Danville 8. Bases on balls, off Finnegan 2; off Setty 1; off Williams 1; off Farrell 1. Hits, off Finnegan 6 in three innings; off Setty none in one inning; off Williams 4 in four innings; none out in ninth; off Atkinson 3 in three innings; off Rodgers 3 in three innings. Struck out, by Finnegan 3; by Williams 2; by Atkinson 2; by Rodgers 1; by Harris 2. Time of game, two hours and 20 minutes. Umpire, Shaffer.

# SWAGGER AFFAIRS ARE THESE NURSERY NIGHTIES

ANYBODY who visits the nursery only after its occupants are asleep misses something charming in these days, and that is a good look at the children's sleep togs, which are being furnished in such a variety of quaint and delightful styles.

Of the nightie modes of yesteryear only one remains, and that is the bishop style, which is slipped on over the head. This type always looks very demure, and is especially liked by many mothers because it is so easy to launder, being flat, ungathered, and devoid of buttons to be broken by an unkindly wringer, strings to be pulled out of their casings, or elastic to lose its "pep" in the wash. Also, it is becoming to almost any type of little maid.

More and more, however, little girls are wearing night tows with legs rather than the long gown. For quite little children of either sex the one-piece sleeping garment with panty back is usually worn.

Two distinct types of night garment are noted in the Fifth Avenue shops which cater especially to the juvenile smart set.

First, the very smartly tailored pajama in very good imitation of the kind Dad likes, and made, as his are, in all sorts of fabrics and color combinations, such as a natural pongee suit with trimming bands of scarlet silk, or one of the very finest quality of sateen in light blue with trimming of white. Both little girls and boys wear these gray pajama suits.

Vying for popular favor with the tailored sleeping garment for little girls is the be-frilled and be-ribboned "Billie Burke," which may be made of any kind of cotton or silk fabric, but is this spring best liked in sprigged dimity or crepe, with dainty lace-edged frills at ankles.

The last perky touch of femininity is given to these flowered crepe nighties by a ribbon bow, or a belt of black velvet baby ribbon.

BOWIE, Race Track, Md., April 11.—Just as a Baltimore train was pulling in today at Bowie a stiff blast of wind blew out the lower end of the grandstand and the glass and timbers fell into the crowds passing through the gates. Three men, all residence of Baltimore, suffered minor injuries.

# 33 Nations Confer At Genoa; Big Problems They Must Face

Thirty-three nations represented by 690 delegates, experts and advisers have gathered at Genoa to discuss the solution of the Russian problem by recognition of the Soviet government or some other plan. This will follow the principles outlined at Cannes by the Supreme Council's resolution which made the present conference possible.

European peace, with the closely related question of limitation of land armaments and favorability of frontiers.

Financial problems arising from the inability of Germany to pay the reparations demanded and the inter-allied indebtedness. This will include consideration of the financial standing of Russia and the states created by the Versailles treaty.

General economic questions, such as customs barriers, transportation and the rights of private property and industry.

The complete list of the countries taking part in these discussions, together with the size of their delegations, follows:

Albania	4
Australia	14
Austria	8
Belgium	13
Bulgaria	14
Canada	20
Czechoslovakia	30
Denmark	10
Estonia	25
Finland	7
France	80
Germany	128
Great Britain	122
Greece	22
Holland	16
Hungary	7
Ireland	6
Italy	6
Jugo-Slavia	12
Latvia	7
Lithuania	7
Luxemburg	4

# Able To Measure Any Depth Of Sea

WASHINGTON, April 11.—A new device just developed by the navy department and which makes possible the accurate measurement of any depth of the ocean, possibly will result, hydrographers said today, in the chartering of spots in the sea which have never been measured because their depth was too great for the old methods of sea sounding work.

The new device was said to employ sound apparatus similar to that used during the war for detection of submarines. The principle of its use is that of creating a sound on the ship and listening for the echo of this sound from the bottom of the ocean, measuring the time between the creation of the sound and the return of the echo.

# Now Its Too Dry and Forest Fires Are Raging

FREDERICKSBURG, April 11.—Several forest fires have been raging in nearby sections with no very serious damage thus far. One was in the neighborhood of Jones' store, in Spotsylvania county, and another was said to be not far from Massaponax. Parties going to Colonial Beach said a forest fire was burning on the Colonial Beach road some distance below King George C. H. No residences have been reported destroyed. The woods are said to be quite dry and warnings for fire precautions are being sent out.

# Studebaker

## \$1045

### LIGHT-SIX

Five-passenger, 40-horsepower, 112-inch wheelbase, Cord tires standard equipment.

THE Studebaker LIGHT-SIX will appeal to every buyer who wants a low-priced car that will be satisfactory in performance, appearance, comfort and endurance.

And in addition to its recognized superiority in these essentials, the LIGHT-SIX carries refinements found only on more expensive cars.

The LIGHT-SIX is equipped with cowl ventilator operated from the instrument board; cowl parking lights; inside and outside door handles and large rectangular plate-glass window in rear curtain. A thief-proof transmission lock, which reduces the rate of insurance to LIGHT-SIX owners 15 to 20 per cent, and cord tires are also standard equipment.

Long, semi-elliptic springs (50-inch in rear, 36-inch in front) and soft, genuine leather upholstered cushions, nine inches deep, provide unusual comfort. Its 40-horsepower motor delivers ample power for the hard pull. And vibration is practically eliminated by Studebaker's method of machining the crankshaft and connecting rods.

The intrinsic value of the LIGHT-SIX is unmatched at anywhere near the price because Studebaker does not skimp on materials or workmanship but uses the best. It is built complete in the most modern and complete automobile plant in the world, making possible its low price of \$1045, f. o. b. factory.

Studebaker has been building quality vehicles and selling them at fair prices for nearly three-quarters of a century and is the largest builder of six-cylinder cars in the world.

Touring, \$1045; 3-Passenger Roadster, \$1045; Coupe-Roadster, \$1375; Sedan, \$1750. All prices f. o. b. factory.

## Wilson-Meade Motor Co.

642 Craghead St. Phone 108

# THIS IS A STUDEBAKER YEAR

# Why the \$10.90 USCO is better than just a \$10.00 tire

On November 10, 1921, the 30 x 3 1/2 "USCO" was marked to sell for \$10.90.

This odd and closely figured price was the lowest quotation ever made on any tire of known standards.

A genuine pioneering step by the makers of U. S. Tires.

Now comes a lot of different \$10.90 tires being rushed into the market. "Special" tires. "New" trends.

Unfamiliar to look at—with perhaps an atmosphere of having been made to meet the price.

But the "USCO" still occupies a place by itself. A good old standby on millions of cars for years. Better than it ever was.

Still putting the emphasis on honest quality, even if it does sell for only ten dollars and ninety cents.

The \$10.90 tire with the record of a proven product.

The tire that people still buy for the dignity of its quality regardless of the low amount they pay.

United States Tires are Good Tires

## BRITISH DO NOT QUESTION RIGHT OF U. S. CLAIMS

WASHINGTON, April 11.—Secretary Hughes today received from Ambassador Harvey, in London, a note which stated that the government of Great Britain would not in any circumstances desire to question the rights of the United States in its claims for payment of costs of the American army of occupation in Germany.

Lord Curzon's communication expressed hope that means for settlement of the American claims would be found as soon as possible, and stated that the British government was in communication with the governments of France and Belgium for the purpose of arriving at the most convenient method of meeting the American claims.

## SEMENOFF WORSE THAN GEN. VILLA

NEW YORK, April 11.—Efforts have been begun to free General Semenov, Ataman of the Cossacks, from civil arrest pending hearings on a bankruptcy petition brought by a New York concern. Federal Judge Augustus N. Hand ruled today that the Russian soldier need not answer questions regarding his personal property.

Cody Marsh, adjutant of the Siberian veterans, of which Woodrow Wilson is honorary commander-in-chief, and Brigadier General W. S. Graves is commander, today issued a statement in which he asserted that Semenov "makes Francisco Villa seem like an amateur."

Semenov covered Siberia with a trail of blood and every unspeakable crime," said the statement. "He conspired with the Japanese in their foul anti-American propaganda."

AGREEMENT IS REACHED.

LONDON, April 11.—A dispatch to the Central News from Athlone says the leaders of both sections of the Irish Republican army in conference there have reached an agreement which assures peace in that district.

If you like me, take me home!

I'll Be Sure To Fit You. For I am the "SURE-FIT" cap. There's a little adjusting strap hidden away in my make-up that can be tightened or loosened to fit any head on earth—perfectly!

In looks, I'm smart as the smartest of 'em.

In comfort, I've got 'em beaten a hundred ways. You can snug me in after a hair cut—or in the wind—and ease me out again after a rain or when you want plenty of headroom.

My price, for all these advantages, is the same as you would pay for any smart cap that has none of them.

I AM THE "SURE-FIT" CAP. GET ME.

## EMPLOYEES APPEAR BEFORE RAILWAY LABOR BOARD

CHICAGO, April 11.—The man without a job due to the industrial depression should not be allowed to represent a standard to which other workers would be degraded, railway employees told the railroad labor board today in declaring that labor should not be treated as a commodity, subject to the law of supply and demand, but deserves an "adequate living wage."

Statisticians representing the maintenance of way men, fighting against a proposed wage cut, argued for a "wage sufficient to support a standard of living based on health, decency and a reasonable and modest degree of comfort." Common labor on the railroads, according to Arthur Sturgis, economist of Washington, had already been reduced more than the fall in the cost of living.

Mr. Sturgis added that he did not ask higher wages now, preferring to let the increase come in the form of decreased living costs.

"Since December 1919, the cost of living has declined 12 1/2 per cent," he said, "whereas the board has reduced the wages rates of the section foreman 15 1/2 per cent, and of section laborers 18 1/2 per cent."

W. Jett Lauck, statistician, declared there was no justification for any railroad wage reductions, adding that further deflation of common labor was "impossible since it would be equivalent to depriving laborers and their families of the very means of subsistence, which would be violative and public and private morals and contrary to all considerations of a sound and enlightened public policy."

## PLENTY OF COAL IS NOW ON HAND

WASHINGTON, April 11.—Reports in the hands of administration leaders concerning the progress of the coal strike were said today in authoritative circles to have convinced the president that no serious results may be expected at this juncture. The country is heavily stocked with surplus coal, it was said, and in some sections of the strike area there were said to be heavy accumulations of loaded cars for which billing had not been received causing the administration to feel there was sufficient car supply for any demand which might be made. Reports that steel plants throughout the country were about to shut down because of coal shortage have been made in reports made to government officials as without foundation.

No change in price conditions either in the bituminous or anthracite industries has been recorded thus far, reports stated.

## TWO HOLD-UPS ARE CAUGHT

RICHMOND, April 11.—Louis Ramey and Raymond Taylor, charged with holding up a colored man, relieving him of cash and then stealing his Buick car near Petersburg at an early hour this morning were caught here half an hour after the robbery was reported and three hours later they were back in Petersburg in jail. The man robbed was William Friend, the robbers taking him to a place on a plea of pulling their car out of the mud. They cracked him over the head, tied him to a tree, robbed him and drove off in his car.

## E. M. WILLIS ELECTED

NEW YORK, April 11.—Stockholders of the Northern Pacific railroad company today elected E. M. Willis a director, succeeding J. N. Hill, who for many years was a member of the Northern Pacific board.

Mr. Hill's retirement, it was said in railroad circles, makes the further diminution of the former J. J. Hill interests in the road.

During 1920, 23,432 persons in Germany were convicted of profiteering. Los Angeles police have been forbidden to appear in film plays.

## WHO'S THE BEST DRESSED THE FAMILY? SONNYBUB!

CERTAINLY the small boy is the least vain of all God's creatures, yet he is one of the smartest garbed of the whole human family. Smart simplicity is the keynote today of correct clothes for the small boy.

From Fashion's League of Nations, Americans pick their spring suggestions from every land and every century. From our cousins, the English, we have adopted the jersey suit for small boys.

There is almost no fabric known which seems more suitable for little boys' suits than jersey. It comes in a score of desirable shades, it is of just the right weight to be practical for almost the whole year around, it dries clean or washes beautifully, and it never looks crumpled, as even the most exquisite white linen suit soon does.

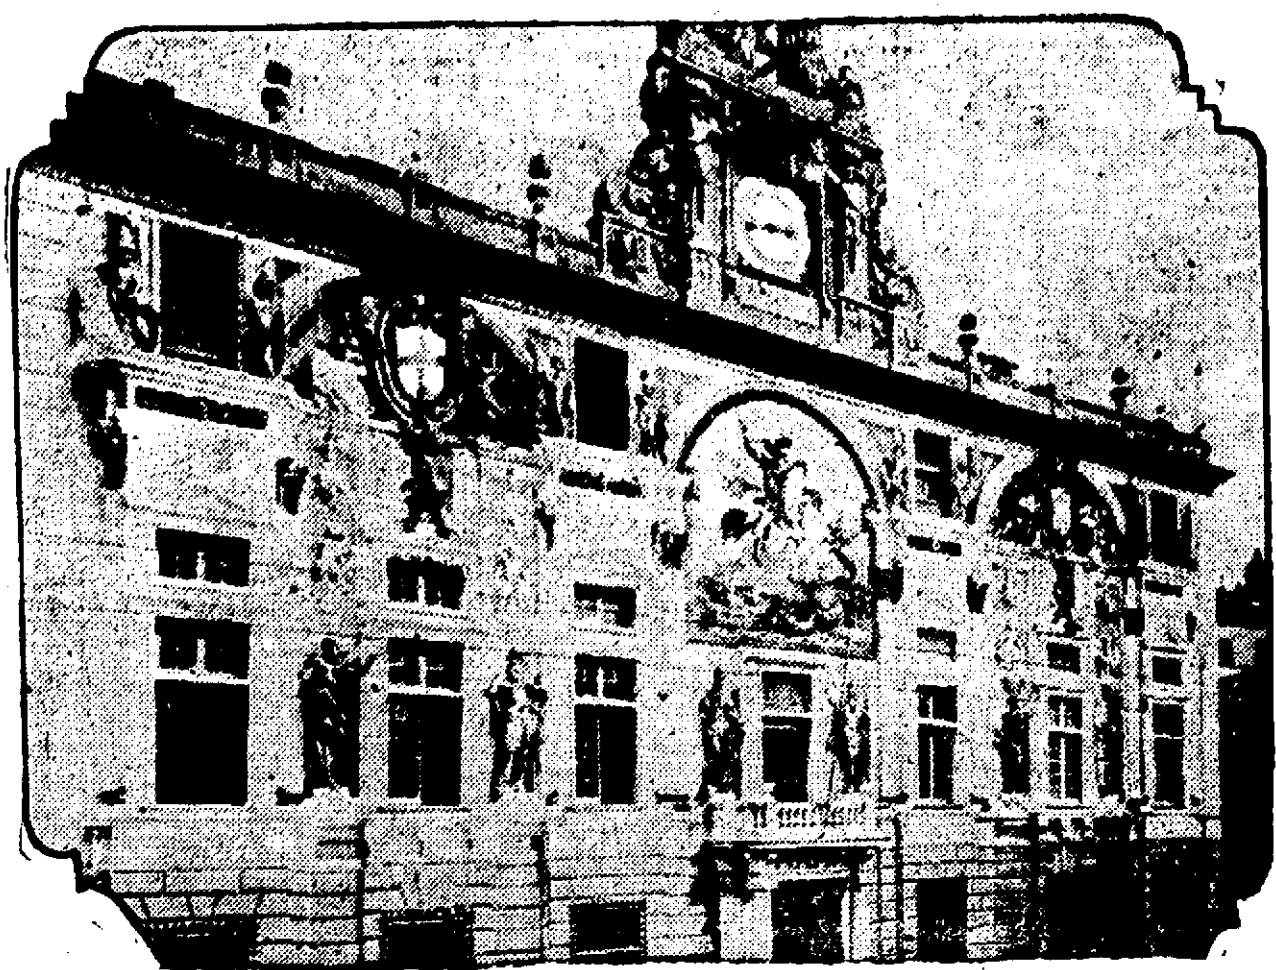

The open at the knee French pants, which the older boys call "flappers," have quite superseded the knickerbocker type. They are at once smarter and more comfortable.

Many of the swaggar imported suits have white blouses and colored pants. Yellow, lavender, and green are the favorite colors for very little chaps. Bright blue and brown are much seen for little boys from four to eight years old.

One smart combination consists of brown rep pants and natural pongee blouse with white pearl buttons and brown crepe de chine tie knotted in a careless four-in-hand.

The sailor type of suit, with either knee length or long pants, is always smart and always popular. Of these it is noted that the elaborate insignia on the arm is not much used this spring. The necks of these sailor suits are laced up with silk cords of red or blue, or tied with a loosely knotted four-in-hand.

## SEAT OF WORLD ECONOMIC PARLEY

St. Giorgio Palace at Genoa, Italy, is the scene of the European economic conference, Lloyd George's meet to adjust world finances, now in session. All important plenary sessions will be held in this building.

## WILL BUILD UP TOBACCO TRADE

(Special From Tobacco Growers News Bureau)

RALEIGH, N. C., April 11.—R. R. Patterson and C. B. Cheatham, formerly of the American and Universal Tobacco companies, attending a meeting of the directors of the Tobacco Growers Co-operative Association today in Raleigh, declared that with the advantage of handling a majority of the Carolina-Virginia crop they would build up the most efficient receiving, grading and selling organization known to the tobacco trade.

J. N. Gorman, of Greensboro, one of the largest sales houses in the bright belt who sold more than eleven million pounds of tobacco during 1920 today signed the marketing contract.

Mr. Gorman stated that the success of the Kentucky Burley Tobacco Association as described last night in Raleigh by Judge Robert W. Ewing of Louisville had convinced him that the co-operative method of all benefit growers stating that he had always wanted to help the farmer.

Mr. Gorman said his efforts to keep the co-operative association would be redoubled.

T. C. Watkins, Jr., manager of warehouses for the association, which asked to confirm the news of the association's entry into Greenville, said:

"After consultation and advice, I have secured the services of the best warehousemen in Greenville as manager of our Greenville receiving point, Mr. J. N. Gorman."

## Easter Egg Hunt At the White House

WASHINGTON, April 11.—President and Mrs. Harding have given their consent to opening the White-house grounds on Easter Monday for egg-rolling.

## OFFICERS ARE INDICTED.

NASHVILLE, Tenn., April 11.—W. H. Tyler, chief of the local federal prohibition bureau, and three of his officers were indicted by the Davidson county grand jury here today in connection with the killing of Albert G. (Jack) Dozier, who was shot when a still on Hyde's Ferry pike, near here was raided March 28, last.

Rice can now be liquefied into the form of milk.

## "SHOW COLORS" IS CHALLENGE OF M'CORMICK

WASHINGTON, April 11.—Democratic leaders in the Senate and elsewhere were challenged by Senator McCormick, Republican, Illinois, chairman of the Republican senatorial campaign committee, today to "show colors" on the stand taken by their party's "titular head," former Governor Cox of Ohio, for continuation of the campaign to have the United States join the league of nations.

Speaking in the Senate with reference to the New York address of Governor Cox, Senator McCormick said: "I want to know whether the views of the candidate for the presidency at the last election are the views of his party here? I am certain that soon they will have to take a stand before the public."

Senator Borah, Republican, Idaho, an irrefragable of the league of nations controversy of two years ago, interrupted the speaker to inquire whether there were not some Republicans who were growing more friendly toward the league, Mr. McCormick replied that there was only "an invisible remnant" on the Republican side of the Senate.

"I'm afraid the Senator is wrong," returned Mr. Borah, "and further I think the number of pro-leaguers is increasing."

Sugar beets are now grown in 17 States.

## BUSINESS MAN OWES LABOR DEBT SAYS GOMPERS

CHICAGO, April 11.—Big Business cannot further reduce wages "unless it is willing to share responsibility for the chaos that would follow," Samuel Gompers, president of the American Federation of Labor, declared in an address today.

Organized labor, he said, was the supreme barrier against a state of anarchy in the United States. "The one stigma on our boasted civilization today is that in this land of plenty 6,000,000 of our fellow beings should be seeking a way to find their bread," he said.

"If there was no organized labor and individuals with greedy and unsettled unscrupulous employers, 10,000,000 instead of 5,000,000 would be out of work and a state of anarchy would be the prompt result. The business man owes a debt of gratitude to the strong organization of labor that has always stood on the side of equity and justice."

"If long hours and low wages make for commercial prosperity, then China would be the leader in the family of nations."

Luther Burbank, an American horticulturist, has the distinction of winning international fame through his successful experiments in plant improvement.

## MOTION PICTURES ARE USED FOR ADVERTISING

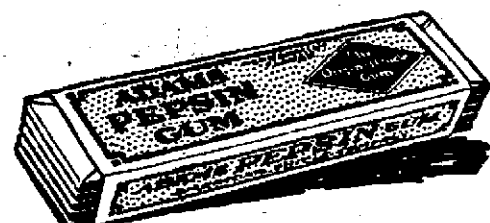

WASHINGTON, April 11.—Motion picture films are being used more than ever before and with great success in the advertising and sale of industrial products, it was brought out at a conference here today of manufacturers, motion picture producers and film distributors under the auspices of the National Association of Manufacturers. Industrial films, it

was declared, have become the strongest factor in developing the sale and use of American goods in foreign countries, especially where different languages are spoken.

Dr. Julius Klein, chief of the bureau of foreign and domestic commerce of the department of commerce, declared American goods heretofore little known in foreign countries was finding a large and ready market through the advertising afforded by industrial motion pictures.

## Von Falkenhayn, Ex-War Head, Dies

BERLIN, April 10.—Gen. Erich von Falkenhayn, former Minister of War and one time Chief of Staff of the German army, died Saturday at Wild Park, near Potsdam.

Von Falkenhayn was appointed War Minister of Germany in 1913, succeeding Gen. von Herringen. Soon after the start of the World War he was appointed Chief of the General Staff, succeeding Gen. von Moltke, who at the time was declared to be ill.

In August, 1916, von Falkenhayn was supplanted by von Hindenburg and soon afterward took the field in Transylvania against the Rumanians. It was said at the time of his removal from the post of Chief of Staff that he had been dismissed for urging Emperor William to abandon the Balkan campaign and shorten all the German lines.

Falkenhayn defeated the Rumanians in the campaign of 1916. Later he went to Asiatic Turkey, where he commanded the Turks.

Von Falkenhayn was born in 1861 and was considered one of Germany's dashing commanders.

**WILSON STARTS BOOM FOR AUCTION SALES**  
WASHINGTON, N. C., April 11.—Sixty men traveling in 30 automobiles left here today bearing banners reading: "Wilson market opens August 8 for the sale of tobacco at auction." They will advertise the date and policy of the warehouses throughout this section of the state.

WASHINGTON, April 11.—Closing of the Bourse and the National Bank of Greece is reported today in cable dispatches to the Commerce Department.

**CHIROPRATIC TALKS**

**WANT STATE TO PURCHASE ROAD**  
ATLANTA, Ga., April 11.—An association to work for purchase by the State of Georgia of the Atlanta, Birmingham and Atlantic railway, now in receiver's hands, was organized here today at a meeting called by State Senator Frank Manson, of Jonesboro, Ga. The meeting was attended by a number of members of the legislature and residents of several Georgia towns along the road which connects Atlanta and Birmingham with Brunswick, Ga. At another meeting tomorrow plans will be discussed for a campaign to put the projects before the people and to have the legislature take up when it meets this summer.

Mayor James Key, Atlanta, as elected president of the organization which was named The Association for State Ownership of the Atlanta, Birmingham and Atlantic railway.

**COSTLY CURIOSITY.**  
LONDON, April 11.—(By United Press.)—Sidney Norburn, 59, went to a department store and bought himself a pair of binoculars, with night lenses. He appeared next day before the Middlesex county magistrates for watching the lovers on the seats in Hyde park through his new purchase. Norburn offered a plea of "idle curiosity." The magistrate offered Norburn the choice of a ten dollar fine or a week in the house of correction.

**STRIKERS ARRESTED FOLLOWING FIGHTS**  
PROVIDENCE, R. I., April 11.—Seven persons, five of them strikers and two of them employees, were arrested by Pawtucket and Attleboro police today following a series of fights and assaults in the vicinity of the plants of the Jencks Spinning company and the Crown Manufacturing company. Two of the strikers, arrested were women. A number of pickets and workers were cut and bruised in the melees but no one was seriously injured.

**JUMPS SAVED HIM.**  
LONDON, April 11.—(By United Press.)—Corporal Charles McCausland, of the Royal Air Force, has escaped for the fourth time from airplane crashes by jumping as the crippled plane neared the ground. In each case the pilot has been killed.

## The All American Family

## HARDING ACTED ON DIRECT EVIDENCE

WASHINGTON, April 11.—The first public indication that President Harding acted on definite evidence in his recent dismissal of upwards of thirty bureau of engraving officials was given in the House today by Representative Johnson, Republican, South Dakota, who referred incidentally to "evidence" furnished by himself and other members of Congress to justify the dismissal order.

Mr. Johnson's statement, upon which he would not enlarge, was made during debate on a resolution asking for investigation of war contractors.

**ADS IN POSTOFFICE.**  
LONDON, April 11.—(By United Press.)—The postmaster general announced in a speech that the post-office, in an effort to make money, has requested bids for advertisements in postoffices throughout the country and also on the backs of postage stamps, under the glue.

## Thirteen No Jinx to Hero

EDWARD H. FOX

DETROIT, April 12.—Twelve times had Chief of Detectives Edward H. Fox of the Detroit police force been cited for extraordinary bravery in carrying out his duty. And then came opportunity Number 13! Bandits entered a meat market in which Fox, his wife and their two children were shopping. One hit Fox squarely in the face, another smashed his watch and tore a jagged gash in his side. A third crashed into his chest, piercing a lung. Then Fox opened fire himself and the bandits fled in an auto after shooting \$250 from a cash register. Fox staggered to another machine and started in pursuit. Two blocks away he collapsed and was taken to a hospital. Doctors think he will recover. So once more—for the thirteenth time—Detroit is honoring Edward H. Fox, officer extraordinary.

## Woman Arrested For Death Threat

TRENTON, N. J., April 10.—Charged with having threatened to kill Mrs. Frank B. Clark of No. 44 North Clinton avenue, this city, Mrs. Virginia Waneta Morton, also known as Mrs. Krohn, 21 years of age, of Stony Brook, L. I., held by the police here. The police say the woman had a revolver when they took her into custody. She probably will be examined to learn her mental condition. Mrs. Clark told the police that from December to April, a cottage at No. 300 Fifth avenue, Asbury park, was rented from her by Robert N. Riddle, chemist of Philadelphia, who represented himself as Mrs. Morton's guardian. So much damage was alleged by Mrs. Clark to have been done the cottage during the Mortons' occupancy of it that Mrs. Clark demanded \$600 compensation. She told the police that when she failed to obtain satisfaction from Mrs. Morton she appealed to Riddle. During the negotiations Mrs. Riddle learned of the matter. Mrs. Clark told the police, and besides denying that her husband was Mrs. Morton's guardian, began an investigation. The Riddle family row which, according to Mrs. Clark, followed, is alleged to have so enraged Mrs. Morton that she came here seeking vengeance.

NEWSPAPERMAN DIES.  
MACON, Ga., April 11.—Donald Fitzgerald, newspaper man who had been employed on a number of Southern newspapers, is dead at Cocoa, Fla., according to a message received here.

There will be a meeting of the Shakespeare Study Club at 4 o'clock Thursday afternoon at the home of Mrs. Marvin Watson. All members are urged to be present, as important business will be transacted before the program of the afternoon.
